

In a tiny flower
hypnotic voyage
to the far reaches
of the galaxy.

A photograph of a forest floor covered with green plants and small white flowers. The flowers have six petals and yellow centers. The background is filled with various green leaves, some with serrated edges, and brown, dried leaves scattered on the ground. The lighting is natural, suggesting a sunny day in a forest.

In this universe
the forest floor
is strewn with stars.

...and that's how gossip spreads

Useful notion:
every Spring
is new again.

Day of New Leaves
- a few times this life.

In this universe
the forest floor
is strewn with stars.

A low-angle photograph looking up at a large tree trunk. The trunk is covered in moss and has a rough, textured bark. The branches are filled with leaves that are turning yellow and green, indicating autumn. The sky is visible through the canopy. A central text box contains the quote: "To be tough you have to know when to be tender." There are two circular logos, one in the top right and one in the bottom left, both containing the letters "CMB".

To be tough
you have to
know when to
be tender.

Blooming
requires
some
sacrifice.

In the still quiet
of the foggy dawn
feel the gentle call
of the mourning dove.

A serene landscape photograph featuring a sunset over a calm body of water. The sky is a mix of soft pinks, oranges, and purples, with wispy clouds catching the low light. In the foreground, dark, silhouetted tree branches with small, serrated leaves hang down from the top of the frame. The water in the lower half of the image is still, reflecting the colors of the sky. In the far distance, a dark, low-lying shoreline with some hills is visible. The overall mood is peaceful and contemplative.

Nightly the treetop finch
in the fading light
sings his golden spell
protecting both his home and mine

Sunny side up!

Bold triumph
to be admired
not shunned
for its success.

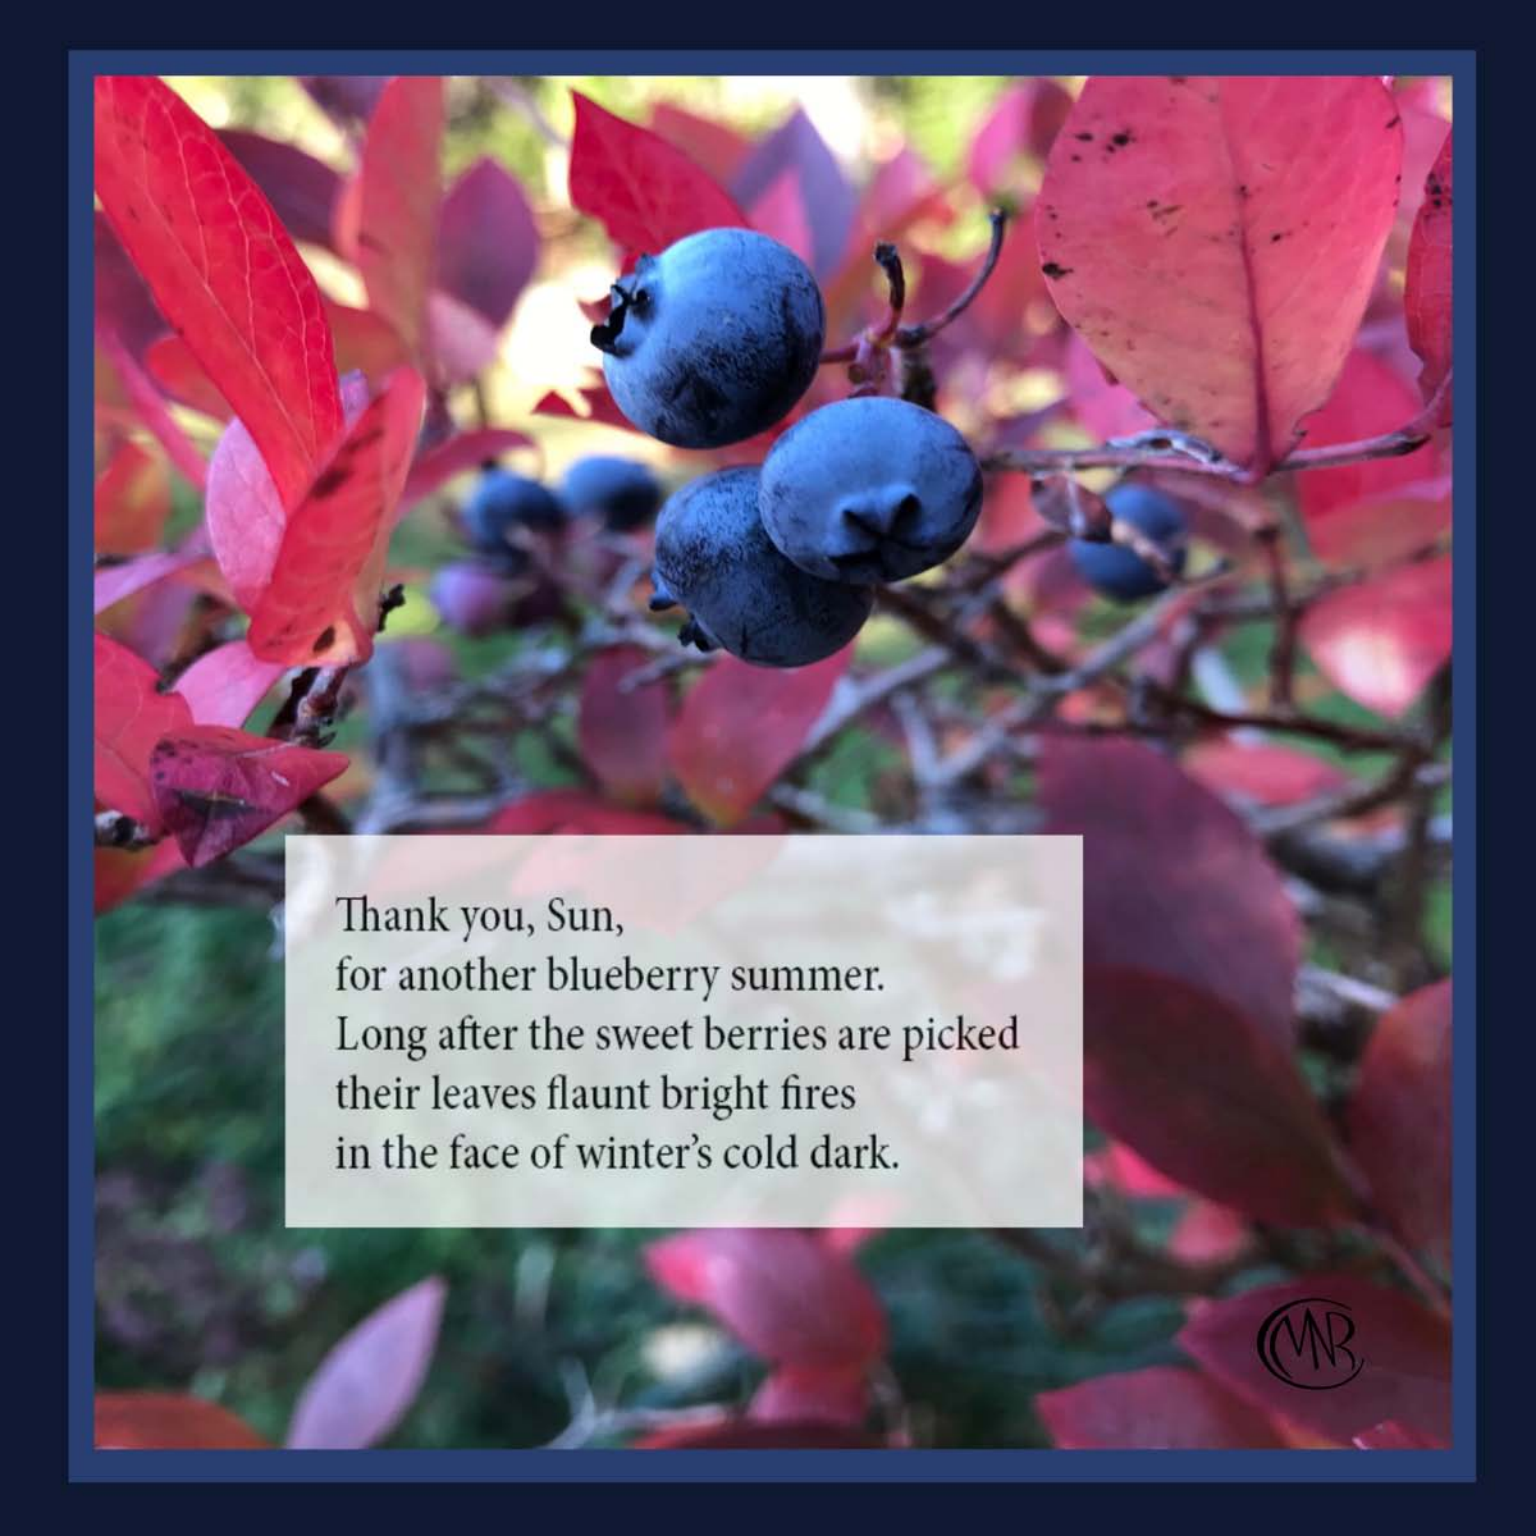

Living blue
is the color of sky
when it frames a forest

as idea becoming intention
is the sound of wind
dancing with trees.

A scenic coastal landscape. In the foreground, tall, thin grasses and purple flowers are in focus. The middle ground shows a calm blue sea with a small island in the distance. The background features a clear blue sky and distant mountains. A semi-transparent text box is overlaid on the lower left.

Adventure lies not just
on distant islands
but in learning to
appreciate where you are.

Thank you, Sun,
for another blueberry summer.
Long after the sweet berries are picked
their leaves flaunt bright fires
in the face of winter's cold dark.

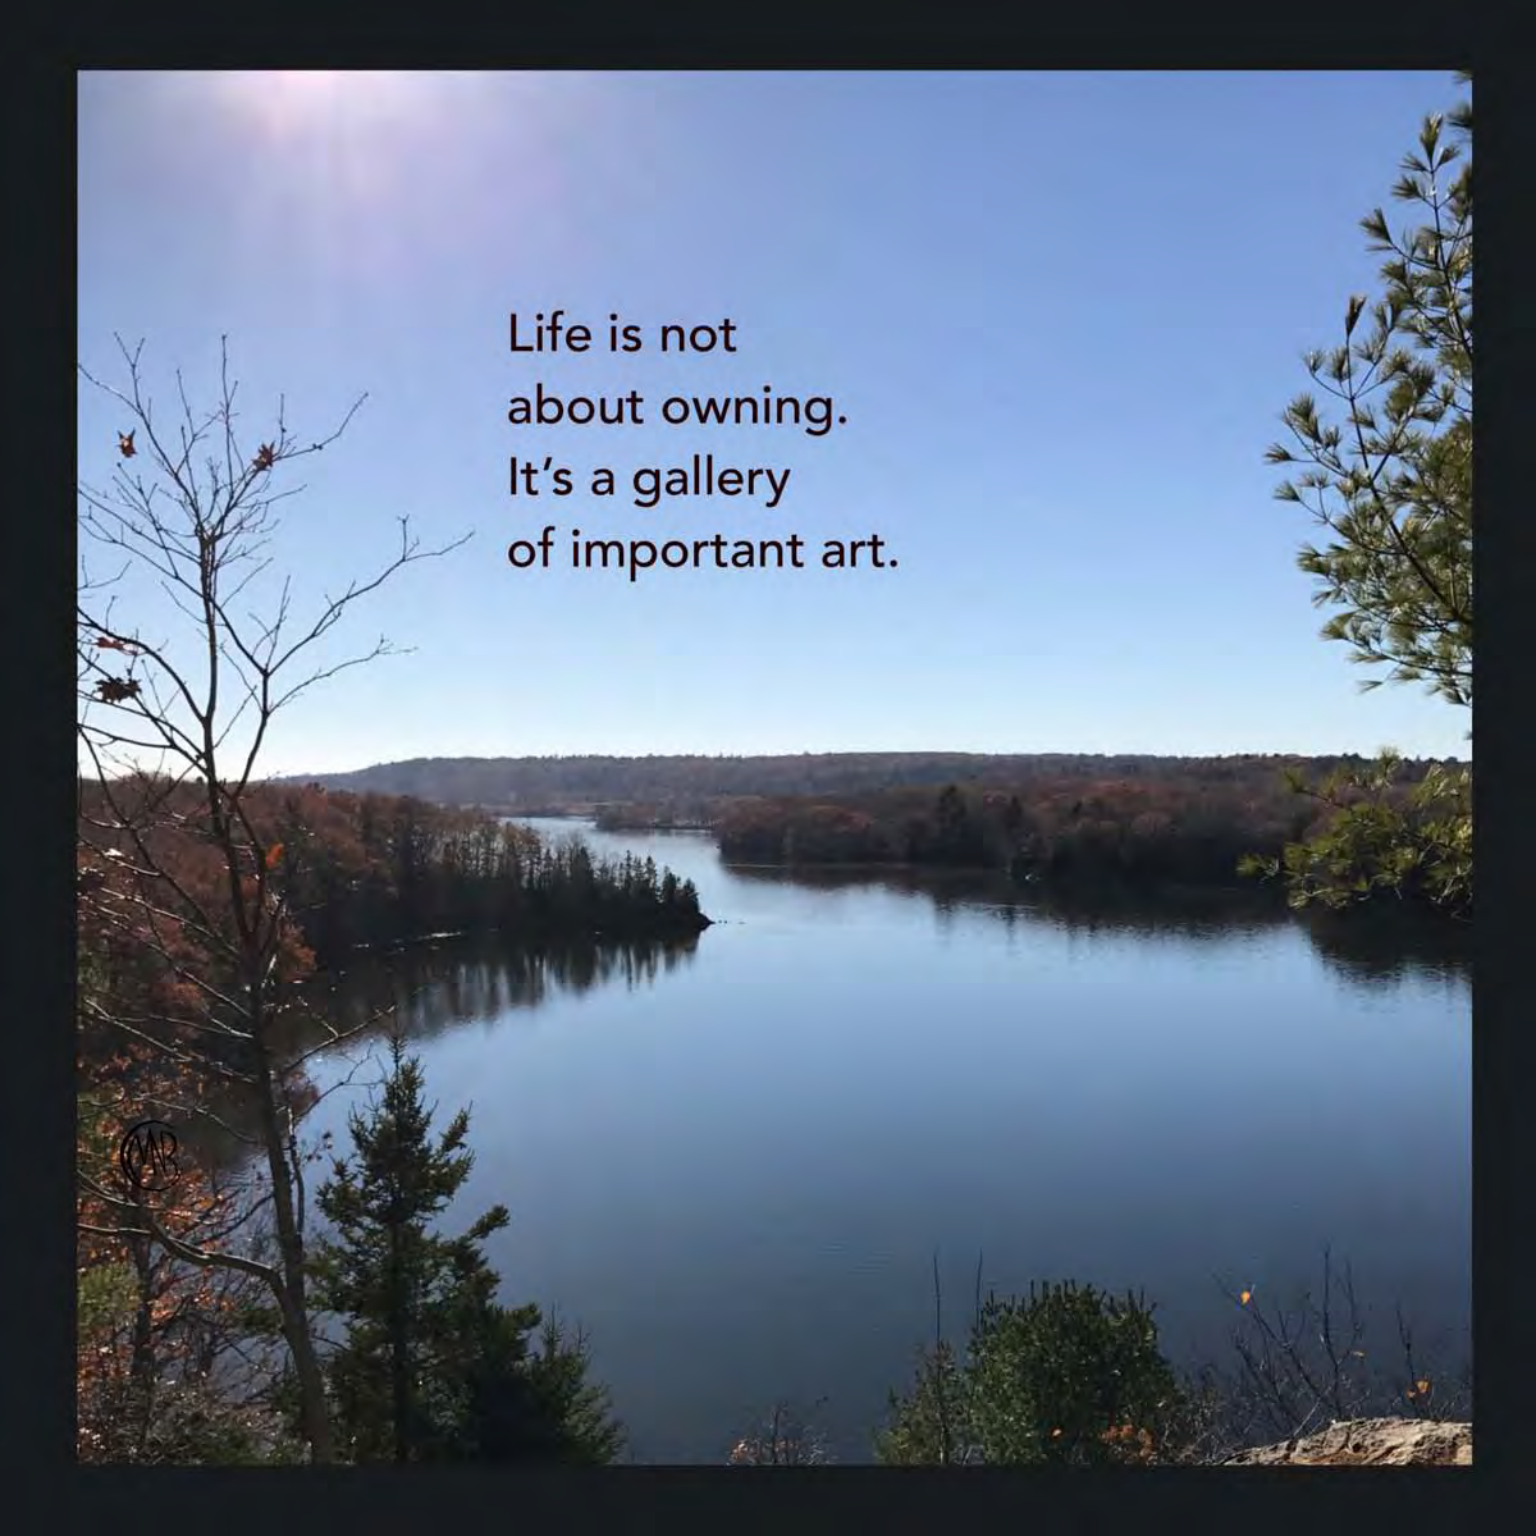

Stately stand
the humble rushes
dignified above
it all.

Any autumn
invites the wise
to see fall color
in every size.

Life is not
about owning.
It's a gallery
of important art.

Greedy King Midas came to grief
turning his food, flowers, and finally
beloved daughter to solid gold
yet wayside goldenrod freely gleams,
a lesson there to be enjoyed by all.

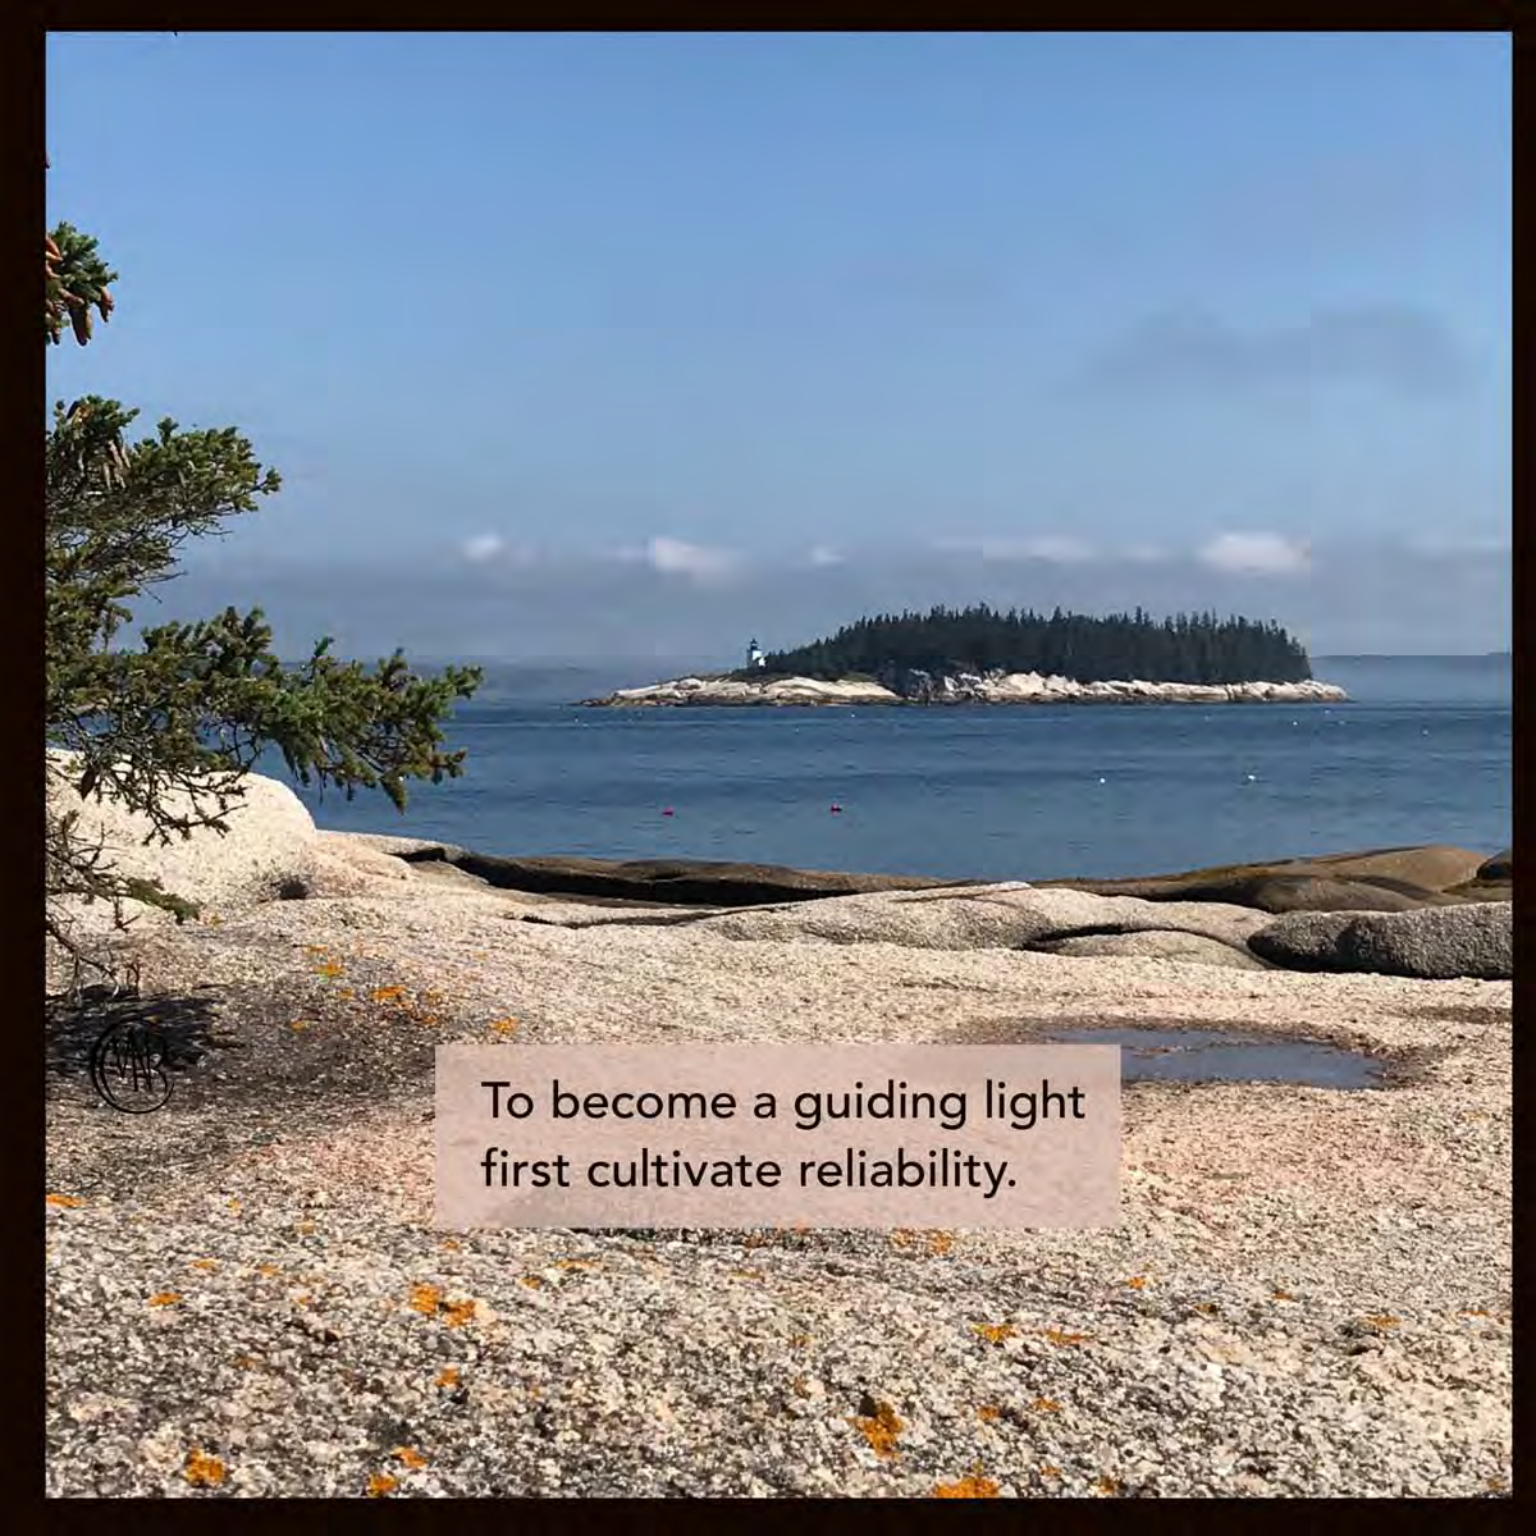

Golden autumn light
bids all sweet dreams
before tucking the forest
in for its winter nap.

Goal:
Grow old
gracefully
like autumn
leaves.

To become a guiding light
first cultivate reliability.

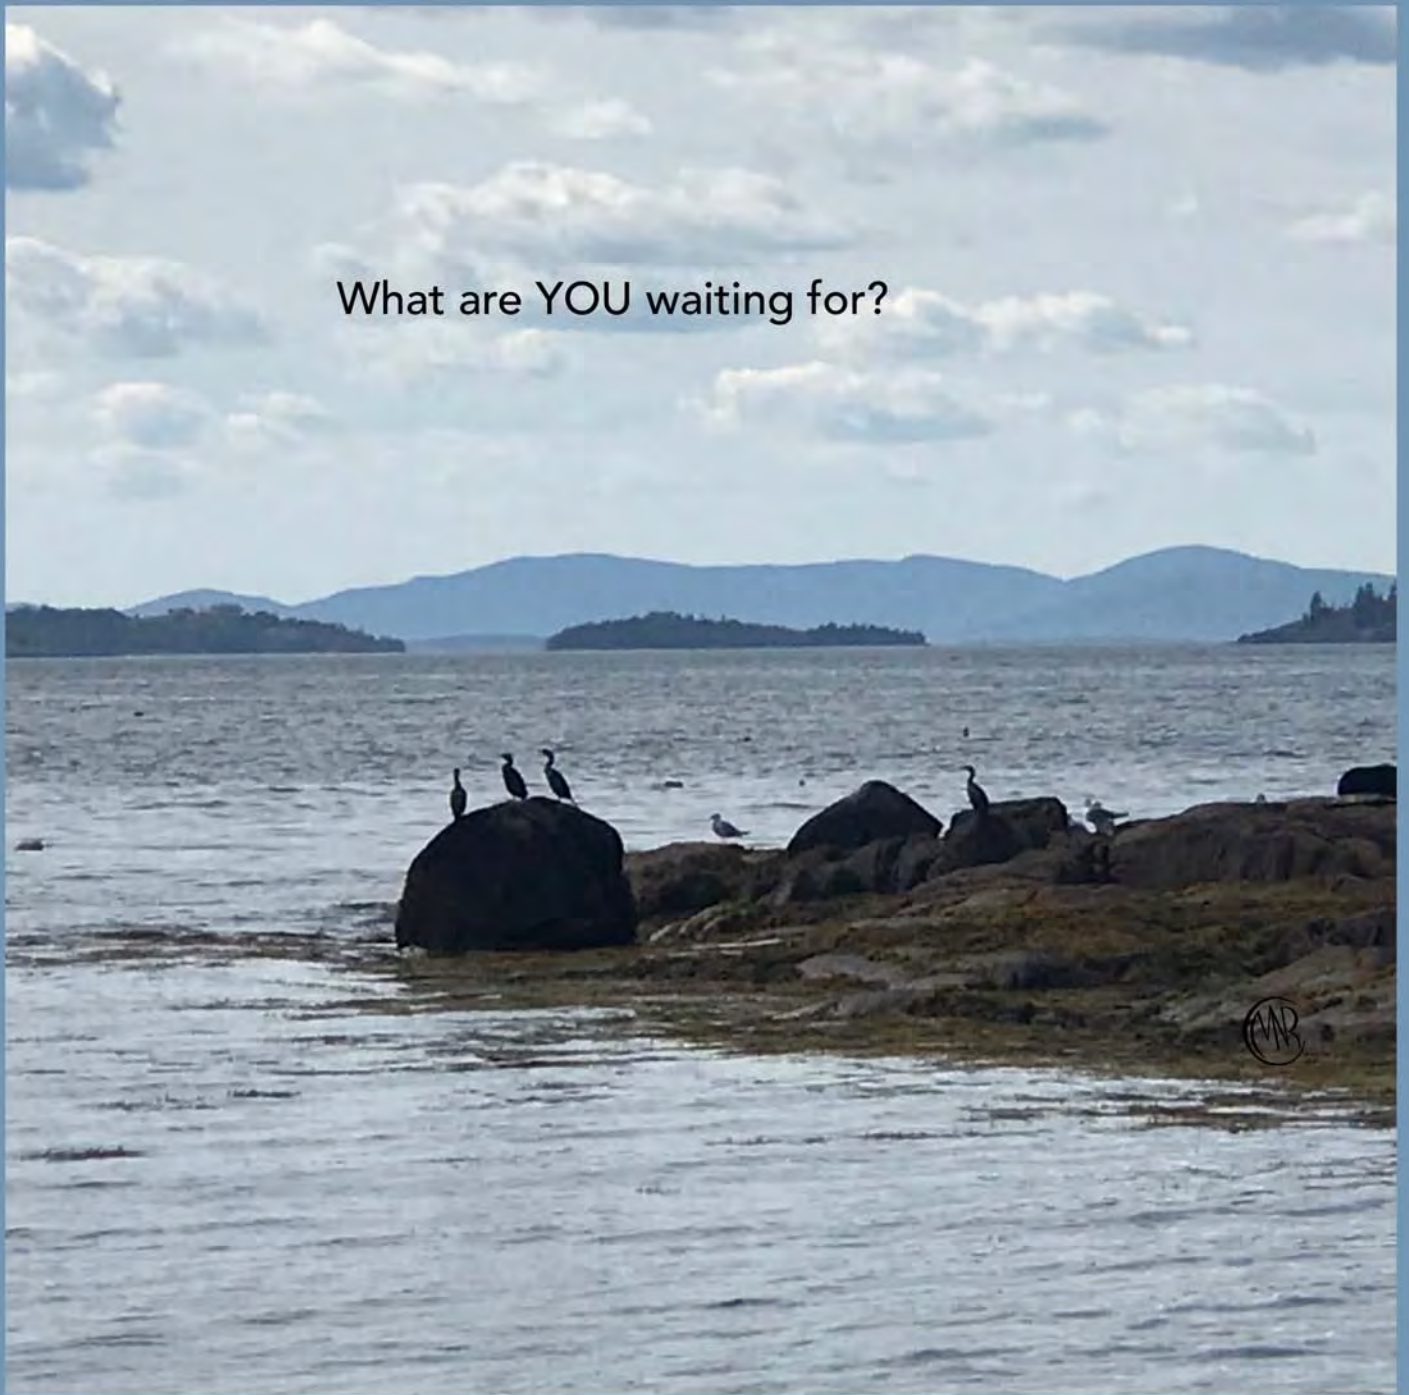

Leisure
Lesson

So much more
than meets the
eye.

What are YOU waiting for?

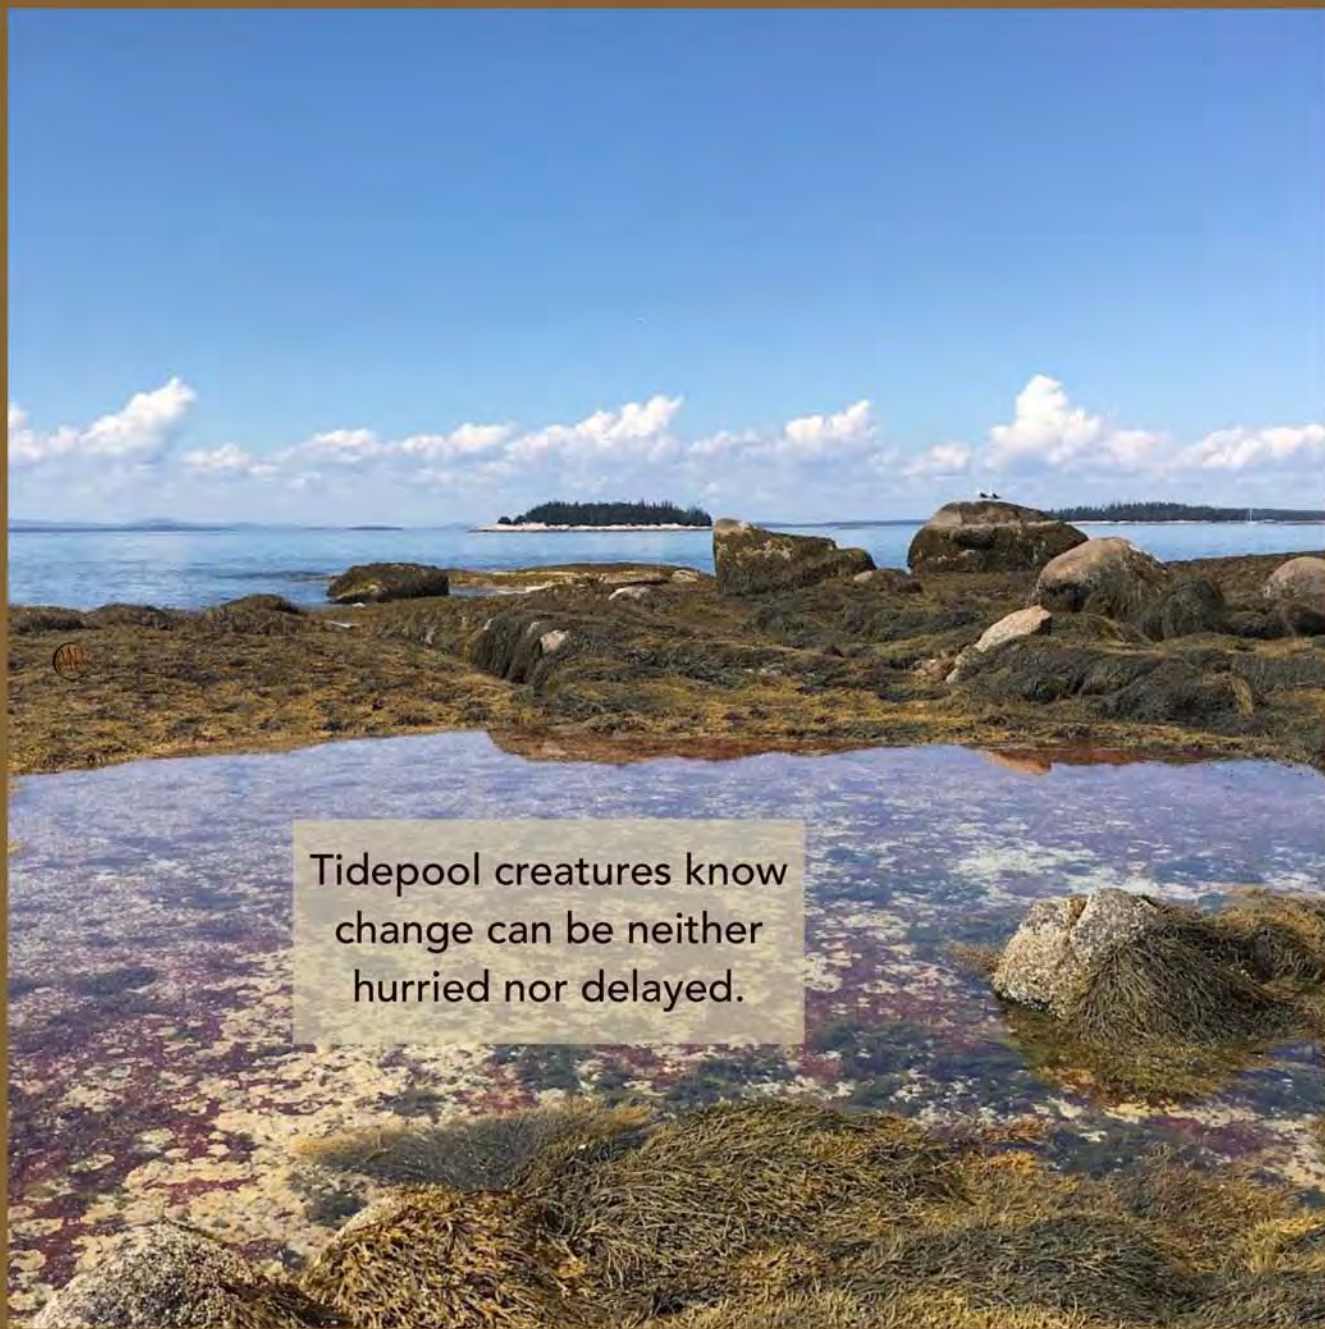

On the surface
the forest pool
has no choice
what to hang on to
and what to reflect
from others.

Seems a small thing -
leaves fluttering down
bearing gifts from the sun
to the humble world below
but it's the grand game of life.

Tidepool creatures know
change can be neither
hurried nor delayed.

Cold feet?
Wet feet?
He who hesitates
is not a duck!

A white egret stands on a sandy beach. The ground is covered with numerous small, white seashells and some dark, wet seaweed. The bird is facing left, with its head turned slightly towards the viewer. Its long, dark beak and yellow legs are prominent. The background is a vast, flat expanse of sand.

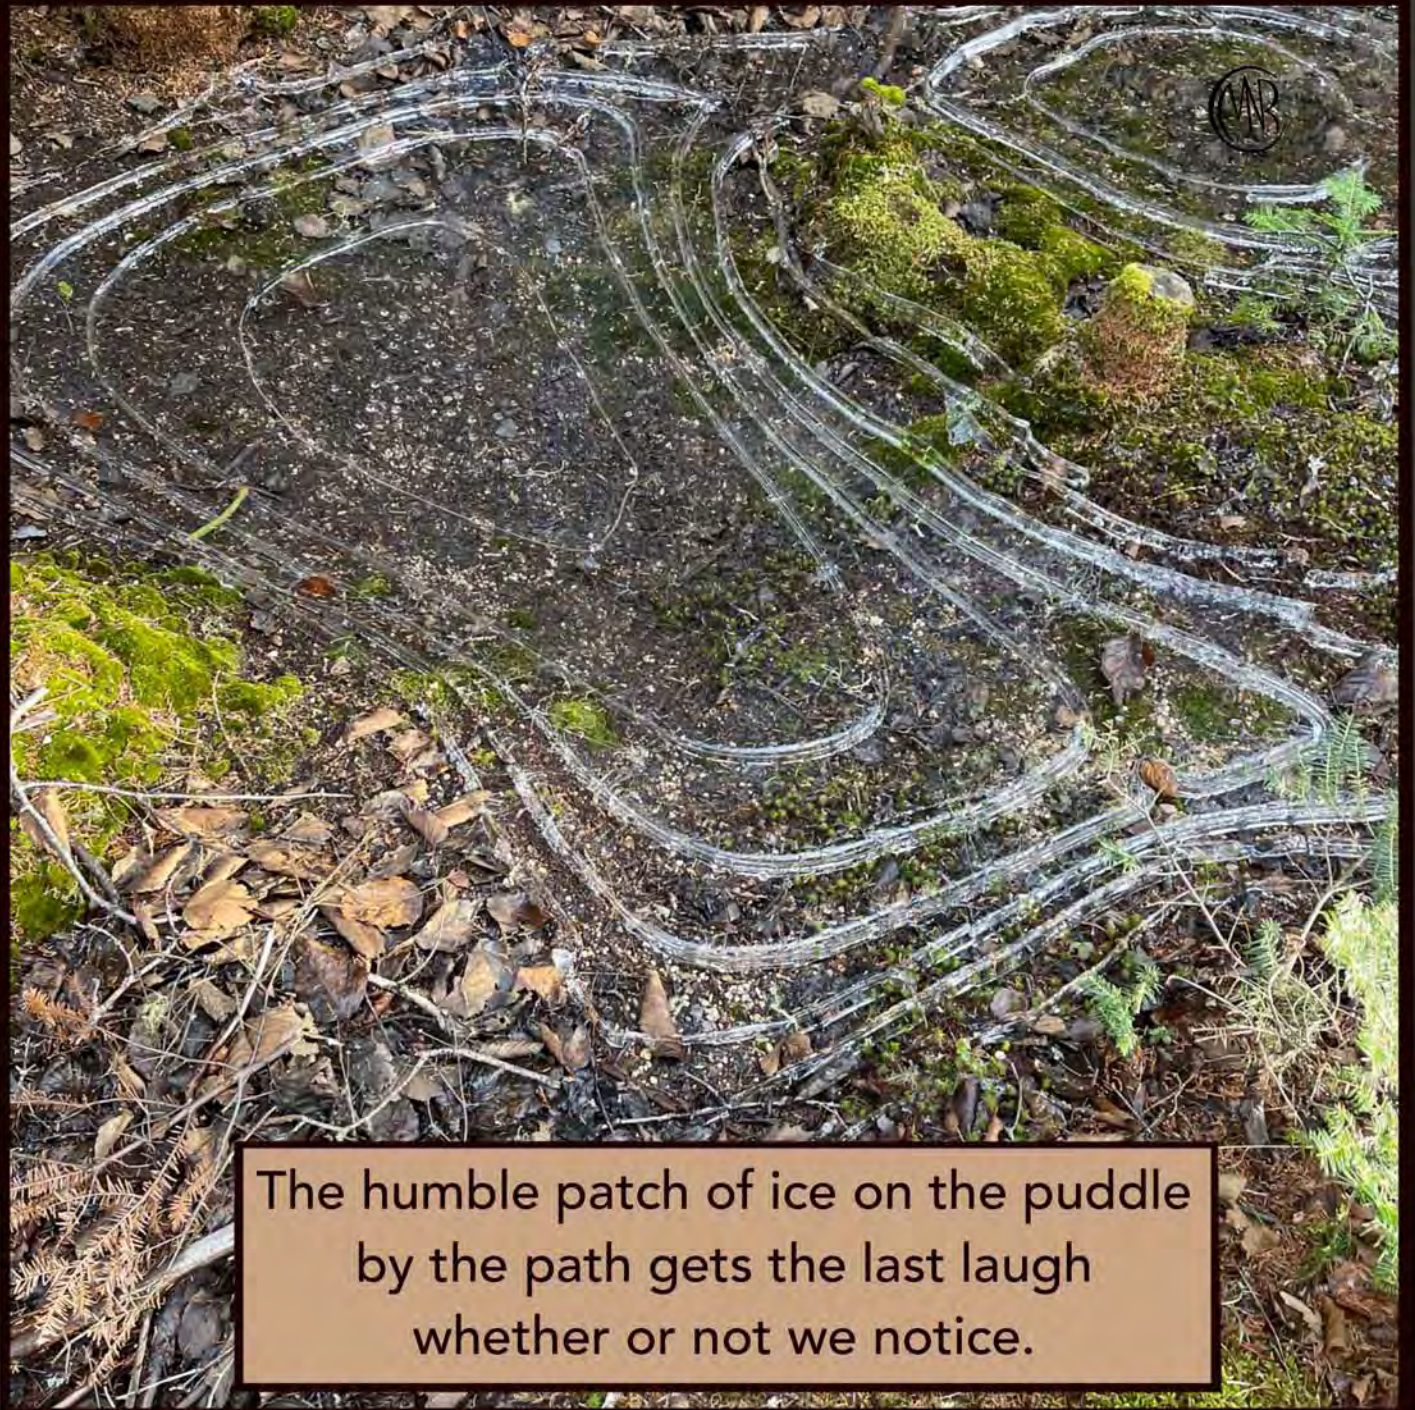

To live life
fully
sometimes
we just have to
get our feet
wet.

Good deeds
like snowflakes
often go about
their work
in silence.

The humble patch of ice on the puddle
by the path gets the last laugh
whether or not we notice.

Even the tiny stream
in the winter woodland
does its part weaving
the world together
by ripples and reflection.

A photograph of a winter forest. The ground is covered in a thick, smooth layer of snow, with gentle ripples and shadows cast by the trees. Several tall, slender tree trunks stand vertically, their bark dark and textured, with patches of snow clinging to them. In the lower right foreground, a small, snow-laden evergreen branch is visible. The background shows more trees and a hint of a path or clearing, all under a soft, diffused light.

How handsome
the forest
in its winter coat

It's Life that is in the details.

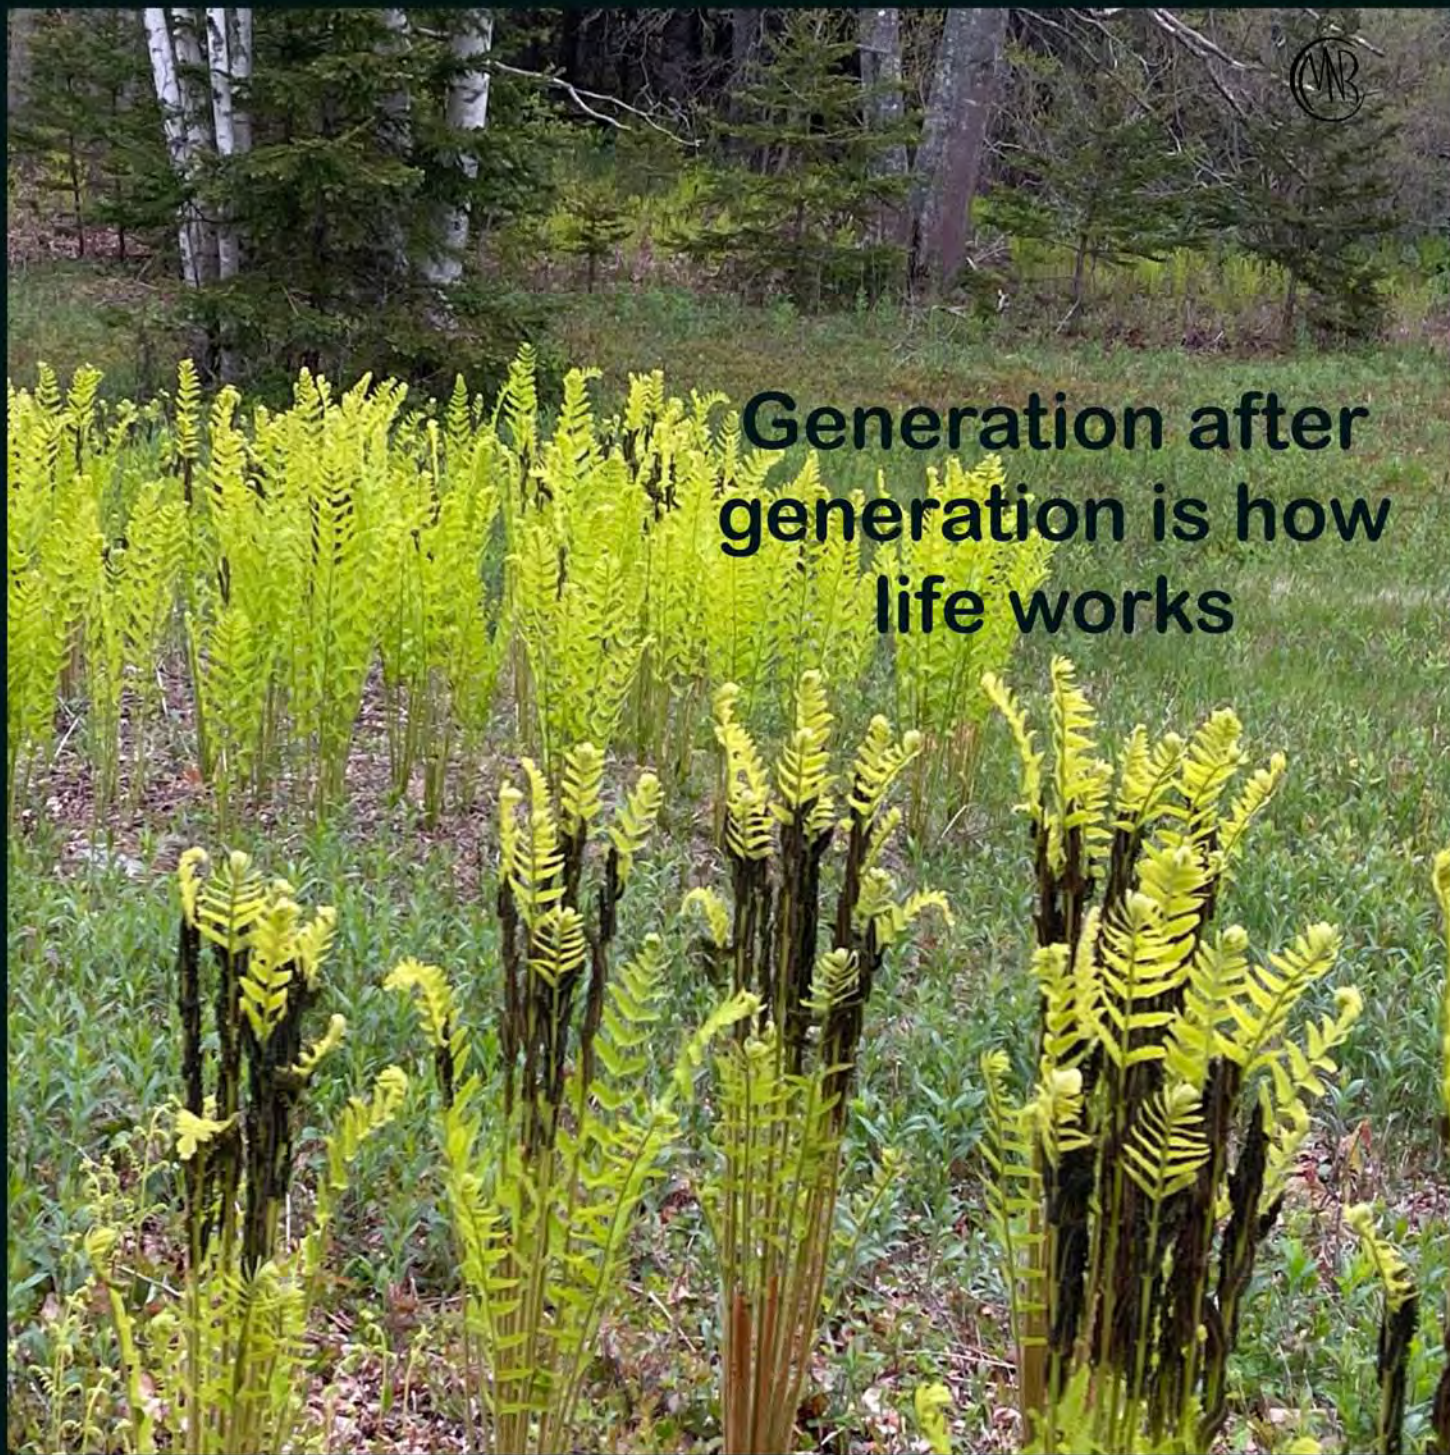

May you never
run out of
enthusiasm

**Generation after
generation is how
life works**

sprouts push
through snow-preserved thatch
with such a green shout

A close-up photograph of a cluster of ripe blueberries hanging from a bush. The berries are a deep, dusty blue color and are surrounded by large, vibrant green leaves. The background is slightly blurred, showing more foliage and a hint of a blue sky. A text box is overlaid on the right side of the image.

**Such a
happy color -
Blue!**
